RE: Paul Lake Boat Launch Access Proposal from KFF, KDFGA

Weytk, Mr. Piggin and Mr. Koester

Tk'emlups te Secwépemc confirms it has reviewed the KFF/KDFGA Boat Launch Access Proposal for small tailored watercraft at Paul Lake Provincial Park, which is situated within Tk'emlups' Douglas Reserve Interest area (DRI). The purpose of this letter is to inform you of Tk'emlups formal support of this proposal brought forth from your associations, and that we support the need for this proposal as it will aid and promote the use of Paul Lake recreational activities for senior citizens and others with physical mobility challenges. Tk'emlups Chief and Council accepts this proposal under the requirement that it is for small tailored-low speed boats only, and that the period of use extends from ice break-up to the end of June, and mid-September to the variable "freeze up period".

While Tk'emlups formally supports the proposal, we express our concerns that may arise in the event of the boat launch after its implementation; particularly the use of high speed watercraft. Tk'emlups affirms the usage of any high-speed/high powered watercraft is prohibited from use at Paul Lake. Sufficient effort must be made to prevent the unnecessary use of prohibited high powered/high speed watercraft, through notice and informed usage. In the event of prohibited use Tk'emlups requests to be apprised of such events and expects users to share Tk'emlups objective of good practical use and stewardship, as well as respect for the water and territorial rights of our nation.

200-330 Chief Alex Thomas Way, Kamloops BC V2H 1H1
